A large, layered rock formation, possibly a natural rock arch or a large boulder, is partially submerged in a stream. The rock has distinct horizontal layers and is surrounded by dense green foliage and trees. The water in the stream is clear, reflecting the surrounding greenery and the rock itself. The scene is set in a lush, wooded area with sunlight filtering through the trees, creating a dappled light effect on the water and the rock.

**John 06:07 Philip answered him,
Two hundred pennyworth of bread
is not sufficient for them, that
every one of them may take a little.**
