A close-up photograph of a bright yellow flower, possibly a daisy or similar, with many layers of petals. A small, dark, multi-legged insect, possibly a beetle or a similar creature, is perched on the center of the flower. The background is a soft, out-of-focus green and yellow, suggesting a natural outdoor setting. The text is overlaid on the image in a white, serif font.

**Ezekiel 28:24 And there shall be no more a pricking brier unto the house of Israel, nor any grieving thorn of all that are round about them, that despised them; and they shall know that I am the Lord GOD.**
