

# Word Study for --- PUTRIFYING

A photograph of a rocky coastline. The foreground is dominated by a large, textured rock covered in vibrant green seaweed. To the left, the ground is a mix of brown sand and small rocks. The background shows a calm, blue-grey sea meeting a hazy, overcast sky. The overall scene is natural and somewhat desolate.

**Isaiah 01:06 From the sole of the  
foot even unto the head there is no  
soundness in it; but wounds, and  
bruises, and putrifying sores: they  
have not been closed, neither  
bound up, neither mollified with  
ointment.**
